EMS POLICY

WESCOSA acknowledge and commits itself to ensure effective management and maintenance of all its operations to be fully in compliance to the minimum level or to exceed the requirements as outlined in the Environmental Management System.

We are obligated to hold Environmental Management System as one of our highest corporate priorities where sound environmental performance will be achieved and demonstrated through:

- ✓ Identification and control of impact of our activities and services on the environment
- ✓ By integrating the principles and practices of conserving our natural resources
- ✓ Following all outlined environmental policies and objectives.

We assure responsibility to extend our commitment to identify the aspects from current and past experiences to reduce or completely eliminate the Adverse impact it could create while protecting the environment and fulfilling the relevant laws, regulations and other requirements. We further commit ourselves to continual improvement primarily in the following areas:

- ✓ Resource conservation & Recycling
- ✓ Environmentally safe handling / disposal of wastes
- ✓ Pollution Prevention
- ✓ Adopting environmentally safe technology and practices
- ✓ Provide necessary resources to manage the Environmental Impacts.
- ✓ Effective measurement and monitoring of the activities causing impact of the Environment
